Dane Armendariz of Chemetall Wins Donnellan Memorial Award

Dane Armendariz, Chemetall, Industry Manager, Cold Forming, is the recipient of the Donnell Memorial Award. This award goes to an individual for his or her outstanding contributions in the wire and cable industry.

A Wire Association International member since 1993, Dane served as president in 2010 and served two terms on the Board of Directors. He served on the Executive Committee, the oversight Committee, co-chaired the conference Programming Committee and Chairman of the Suppliers Management Committee, where he served from 1996 until the committee was recognized. He also served on the Exhibition Planning Committee and was a member of the Interwire Site Evaluation Task Force in 2004. In addition to serving as the 2005 Interwire committee chairman, Dane was on the organizing committees for Interwire in 1999 and Wire Expo in 1998 and 2004. He participated in the 2003 establishment of WAI's Ohio Chapter, where he served both as a board member and secretary for the chapter. Dane Armendariz also served as a long-time advisor for the Wire Journal International.

Chemetall has been developing, manufacturing, and supplying state-of-the-art specialty chemical products since 1909. The ISO 9001 company offers a wide spectrum of products ranging from metalworking fluids and drawing & stamping compounds to cleaners, rust preventatives and surface treatment chemistries. Chemetall's integrated products, chemical management systems, process equipment, and technical service programs deliver efficient and cost effective solutions for industrial manufacturing needs. Expect more with Chemetall.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany.
