**Chemetall Announces Participation at the IMTS Trade Show in
Chicago's McCormick Place September 8-13, 2014**

New Providence, NJ – Chemetall, a leading innovator in metalworking fluids, is pleased to announce its participation in the International Manufacturing Technology Show (IMTS) at McCormick Place in Chicago, September 8-13, 2014.

Information on Chemetall's breakthrough metalworking fluid technologies will be highlighted in the West Building at Booth W-1239 in the Tooling and Workholding Systems pavilion.

"The market place is more global in nature than ever before" states David Enright, Business Manager for Metalworking Fluids at Chemetall. "The IMTS Show provides us with a global based platform to showcase the technical expertise and experience that has led to the development of leading edge metalworking fluids. Our customers are demanding premium chemistry throughout their operations. The Tech Cool® product line meets all of those requirements."

"IMTS 2014 is the 30th edition of the premier manufacturing technology show in North America. 1,900 exhibiting companies will occupy 1,240,863 net square feet of exhibit space at the McCormick Place complex in Chicago, Illinois. IMTS is held every even-numbered year in Chicago and attracts more than 100,000 buyers and sellers from over 112 countries. Manufacturing industry professionals from all over the world attend IMTS to see more than 15,000 new machine tools, controls, computers, software, components, systems and processes that can improve their efficiency. They gain valuable ideas and insights from over 1,900 exhibitors from the metalworking industry. They come to look and they come to buy." IMTS website.

Chemetall has been developing, manufacturing, and supplying state-of-the-art specialty chemical products since 1909. The ISO 9001 company offers a wide spectrum of products ranging from metalworking fluids and drawing & stamping compounds to cleaners, rust preventatives and surface treatment chemistries. Chemetall's integrated products, chemical management systems, process equipment, and technical service programs deliver efficient and cost effective solutions for industrial manufacturing needs. Expect more with Chemetall.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany. In addition to the North American headquarters in New Providence, New Jersey, other locations in the Americas include Jackson, Michigan; La Mirada, California; Bramalea, Ontario; Jundiai, Sao Paulo, Brazil; and Querétaro, México. Chemetall is a division of Rockwood Holdings Inc., a global specialty chemicals and advanced materials company traded on the New York Stock Exchange.
