**Chemetall Awarded the 2014 Outstanding Employer of the Year by Montclair State University Center for Career Services and Cooperative Education**

New Providence, NJ –The Outstanding Employer of the Year Award recognizes employers that have gone above and beyond to assist students in the development of their career goals. Chemetall is globally active with uncompromising innovation, service and leadership and strong community commitment which invigorates their student internship and employment program.

Such leadership and dedication has been exuded through the hard work and diligence of MaryLinda Schumann, Manager of Technical Support and North American Technical Internship Campus Recruiter for Chemetall. As an alumna of Montclair State University Mrs. Schumann, understands and values the sheer determination, talent and energy that students must take to gain practical experience in the workplace. Whether this experience is gained through an internship, or co-op program opportunity she understands the importance of assisting students to make the transition from classroom to work setting. Chemetall knows how invaluable this practical experience can be to the start of a student's career. Chemetall North America is actively involved with student recruitment for our cooperative education program, attending University Career Fairs, speaking to students during smaller venues like mock interviewing events or preparing for career fair workshops, resumania event (a workshop developed to review student resumes), involvement in PharmFest and much more.

Chemetall has been developing, manufacturing, and supplying state-of-the-art specialty chemical products since 1909. The ISO 9001 company offers a wide spectrum of products ranging from metalworking fluids and drawing & stamping compounds to cleaners, rust preventatives and surface treatment chemistries. Chemetall's integrated products, chemical management systems, process equipment, and technical service programs deliver efficient and cost effective solutions for industrial manufacturing needs. Expect more with Chemetall.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany. In addition to the North American headquarters in New Providence, New Jersey, other locations in the Americas include Jackson, Michigan; La Mirada, California; Bramalea, Ontario; Jundiai, Sao Paulo, Brazil; and Querétaro, México. Chemetall is a division of Rockwood Holdings Inc., a global specialty chemicals and advanced materials company traded on the New York Stock Exchange.
