**Chemetall's Safety Health & Environment Director  
to Present at the 2011 PowderMet Conference**

**New Providence, NJ** – Chemetall's Christine Knezevich Safety Health & Environment Director will present at PowderMet2011, an annual conference sponsored by the Metal Powder Industries Federation (MPIF) and APMI International. This conference will highlight the latest developments and trends in metal powders, as well as powder metallurgy (PM) processes, products, and applications. This International Conference on Powder Metallurgy & Particulate Materials will be held on May 18–21 in San Francisco, CA.

The presentation topic will be “Frontline Experience with Combustible Dust Inspections and Administrative Programs.” Combustible dust explosions is a key subject in the area of Occupational Safety and Health Administration (OSHA) standards.

Ms. Knezevich is a certified industrial hygienist with more than 20 years experience in the chemical, steel, automotive, aerospace, and food industries. In addition to SHE responsibilities, her background includes quality and food safety.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany. In addition to headquarters in New Providence, New Jersey, other locations in the Americas include Romulus, Michigan; La Mirada, California; Bramalea, Ontario; and Querétaro, México. The Chemetall group is a member of Rockwood Specialties Inc., a renowned international specialty chemical corporation.
