Chemetall to Highlight Environmentally Compliant Technologies Including Advanced Pretreatments at FABTECH 2014

New Providence, NJ – Chemetall, a leading developer, manufacturer, and supplier of state-of-the-art specialty chemical products will exhibit at FABTECH 2014 show on November 11 - 13, 2014 at Georgia World Congress Center in Atlanta, GA. At this show, Chemetall will present and showcase their innovative and environmentally friendly Advanced Pretreatments at **booth B702**.

“We are excited to return to the FABTECH show and share Chemetall’s outstanding technologies developed to improve performance, reliability and cost to meet industry’s requirements. Our partners appreciate the high performing and quality products coupled with the technical knowledge, support, and service that we offer,” said Suresh Patel, Business Manager, General Industry. Chemetall will promote their standard-setting technologies including advanced pretreatments EPP and Oxsilan®. In addition, Gardobond® AP 9811, a non-phosphorous pretreatment for 3-stage spray washers will be highlighted, particularly its performance and compatibility with mild steel equipment.

Chemetall has been developing, manufacturing, and supplying state-of-the-art specialty chemical products for over a century. The ISO 9001 company offers a wide spectrum of products ranging from metalworking fluids and drawing & stamping compounds to cleaners, rust preventatives and surface treatment chemistries. Chemetall’s integrated products, chemical management systems, process equipment, and technical service programs deliver efficient and cost effective solutions for industrial manufacturing needs. Expect more with Chemetall.

Chemetall is a world-class specialty chemical company and a global provider of chemical technologies based in Frankfurt/Main, Germany. In addition to the North American headquarters in New Providence, New Jersey, other locations in the Americas include Jackson, Michigan; La Mirada, California; Bramalea, Ontario; Jundiai, Sao Paulo, Brazil; and Querétaro, México. Chemetall is a division of Rockwood Holdings Inc., a global specialty chemicals and advanced materials company traded on the New York Stock Exchange.
